H1N1 INFLUENZA AND PNEUMONIA VACCINATIONS TO BE OFFERED AT BOB HOPE AIRPORT

BURBANK, Calif., January 22, 2010 – Bob Hope Airport, as part of its ongoing community outreach, has made arrangements with Torrance-based OnSite Wellness Services, Inc. to offer the H1N1 flu and pneumonia vaccinations to Airport patrons and employees on Thursday, January 28 from 3 p.m. to 6 p.m., and Friday, January 29 from 6 a.m. to 9 a.m.

Late last September and into the early part of October 2009, OnSite Wellness Services, Inc. offered the seasonal flu and pneumonia vaccinations at the Airport and it was quite successful. “Over 300 individuals received one or both of the vaccinations so we decided to provide the same opportunity to receive the H1N1 flu and/or pneumonia vaccinations,” said Lucy Burghdorf, Bob Hope Airport Community Relations Manager.

The H1N1 vaccine will cost \$15 per dose and the pneumonia vaccine will be offered for \$45. The vaccination station will be located in Terminal A between the airline ticket counters and the Terminal A security checkpoint.

The Airport has extended an invitation to the Airport business community – including all
