5. ITEMS FOR COMMISSION APPROVAL

- a. CONSULTANT SELECTION FOR CONSTRUCTION MATERIAL TESTING – A staff report is included in the agenda packet. Staff has issued a combined Request for Qualifications/Request for Proposals ("RFQ/RFP") seeking qualified Construction Materials Testing Consultants. The selected consultant will assist the Burbank-Glendale-Pasadena Airport Authority ("Authority") in routine airfield and landside construction projects that are not funded using Federal Aviation Administration ("FAA") Airport Improvement Program ("AIP") grant funding since the selection process includes fee as a selection criteria. The current Agreement for Construction Material Testing expires on July 31, 2010. Staff received seven (7) proposals in

response to the RFQ/RFP and has found RMA Group, the incumbent firm, to be the best qualified bidder.

At the June 7, 2010, meeting of the Operations and Development Committee the Committee voted 2-0 (1 absent) to recommend to the Commission that it authorize Staff to (i) execute a work order-based Professional Services Agreement with RMA Group for a time period not to exceed three (3) years; and (ii) establish a purchase order for small projects where the construction material testing would cost less than \$10,000 per project.

Staff seeks approval from the Authority to (i) award a competitively bid contract to Sully-Miller Contracting Company for Project Number E09-21, Runway Safety Area Shoulder Rehabilitation, in the amount of \$776,920; (ii) authorize Staff to execute a work order in the not-to-exceed amount of \$25,000 to RMA Group to provide material testing and inspection services; (iii) authorize Staff to execute a purchase order with Michael Perry to provide construction coordination services for a three-year term at an hourly rate of \$60 per hour; on this project his effort would not exceed 300 hours and on other future capital projects would not exceed 2,000 hours aggregate per year; and (iv) authorize an approximate 10% aggregate contingency of \$78,000 to permit Staff to authorize required changes in scope that may occur during construction.

At the June 14, 2010, special meeting of the Finance and Administration Committee, Staff reviewed with the Committee three proposed amendments to existing PFC applications and one new application.
