FLU AND PNEUMONIA VACCINATIONS TO BE OFFERED AT BOB HOPE AIRPORT

BURBANK, Calif., September 22, 2009 – Bob Hope Airport, as part of its ongoing community outreach, has made arrangements with Torrance-based OnSite Wellness Services, Inc. to offer seasonal flu and pneumonia vaccinations to Airport patrons and employees on September 24-25, 28-29 and October 1, from 6 a.m. to 9 a.m. and 3:30 p.m. to 6:30 p.m. The flu vaccine will cost \$25 per dose and the pneumonia vaccine will be offered for \$45.

The Airport has extended an invitation to the Airport business community – including all tenants of the Airport, the Burbank Airport Marriott, Yahoo!, and the Media Studios North campus operated by M. David Paul & Associates – to stop by the vaccination station in Terminal A between the airline ticket counters and the Terminal A security checkpoint.

“For the past four years, the Airport has teamed up with Airport district businesses for our annual blood drive,” said Lucy Burghdorf, Bob Hope Airport Community Relations Manager. “We’re happy to offer travelers and people who work on or near the Airport an opportunity to protect themselves against the seasonal flu and pneumonia, and we hope the convenient schedule and location will make it easier for more people to get the vaccinations.”
